

Thank you for your patience on this.

Due to Covid-19, logistical supply issues, as well as increased demand Pella Aluminum Clad Wood series products (Specifically Lifestyle Series Windows) are facing extended lead times between 15-18 Weeks.

We have increased our work force and added assembly lines in our wood/clad factories in order to reduce these lead times. We will send out units as they arrive, and will inform you immediately of these changes.

Thank you so very much for your patience, and understanding.

Thanks again, and I'll talk to you soon!

Mitch
